

Thrive in an environment of innovation.
Experience exceptional career opportunities.
Think what's possible.

A global healthcare leader, Novartis has one of the most exciting product pipelines in the industry today. A pipeline of innovative medicines brought to life by diverse, talented, performance-driven people. All of which makes us one of the most rewarding employers in our field.

Statisticians and Senior
Statisticians for International
Clinical Development
Pharmaceuticals
Basel, Switzerland and
Horsham, UK

Working as part of the Biostatistics group of the Clinical Information Sciences function of Novartis Pharmaceuticals Development, you will provide input to clinical development plans, in co-operation with the Global Clinical Development Team. As a team member you will bring statistical expertise to the design, analysis and reporting of clinical studies from phases I to IV and continuously strive for innovative solutions for our studies.

You will have access to an international team of statisticians in our Global Biostatistics group and world-class Statistical Methodology Consultants. You will ensure high scientific standards for studies, explore data for product profiling, hypothesis generation, new research topics and publications. You will co-ordinate project and/or study tasks with other statisticians and statistical programmers. We are organized in a truly global and team-focused environment.

It all calls for experience in the field of clinical trials, a working knowledge of methodology and regulations, and a relevant PhD or MSc. level. Strong communication, interpersonal and negotiation skills, as well as a highly flexible and creative approach, will also be essential. Knowledge of SAS and ideally some alternative statistical software will be required.

In return, we offer a competitive salary package, excellent benefits and state-of-the-art facilities.

To apply, please visit our career website www.novartis.com/careers using the Job ID 41670BR for Switzerland, or 38768BR for the UK. If you have questions, please contact us at friedhelm.hornig@novartis.com or call us on +41 61 324 85 14.
