

At the Institute for Mathematical Stochastics
of the Faculty of Mathematics and Computer Science of the
Georg-August-University Göttingen, a position is open for a
W 2 Professorship (BesGr. W2 BBesO)

**in the field of
Stochastics and its Applications,**

starting **1st of April 2009**

Applicants should have an outstanding research and publication record. The candidate is expected to participate appropriately in all teaching, research and administration tasks of the institute. Furthermore, he or she should represent a current field in stochastics, particularly in probability theory or in stochastic analysis and its applications (e.g. in life or natural sciences) related to statistics.

The placement prerequisites for a professorship appointment are given by § 25 of the Higher Education Law of Lower Saxony of 26.02.2007 (Nds. GVB1. 5/2007 S. 69). As a Public Law Foundation, the University of Göttingen holds the right of appointment. Further details will be explained on inquiry.

We explicitly welcome applications from abroad. Under certain circumstances part-time employment is possible. Disabled candidates will be given preference in the case of equal qualifications.

The University of Göttingen is aiming to increase the share of female faculty members in research and teaching. Thus qualified women are especially encouraged to apply.

Applications with CV, list of publications, description of third party funded projects, teaching and research statement should be sent by **1st of October 2008** to the

**Dean of the
Faculty of Mathematics and Computer Science,
Bunsenstr. 3-5,
D-37073 Göttingen
(Germany)**
